Read the article, “AI hiring tools may be filtering out the best job applicants,” from BBC by clicking here.

“A late-2023 IBM survey of more than 8,500 global IT professionals showed 42% of companies were using AI screening ‘to improve recruiting and human resources’”

Lawsuit against Workday

Read the article, “Workday
accused of facilitating
widespread bias in novel AI
lawsuit,” from Reuters by
[clicking here.](#)

“Workday is facing renewed claims that it uses artificial intelligence tools that discriminate against job applicants at many major companies it contracts with, in what could be one of the first cases to address the novel legal issues raised by employers' increasing reliance on AI-powered hiring software.”
