

Gulfs of execution and evaluation

- The 'gulfs' explicate the gaps that exist between the user and the interface
- The gulf of execution
 - the distance from the user to the physical system
- The gulf of evaluation
 - the distance from the physical system to the user
- Bridging the gulfs can reduce cognitive effort required to perform tasks

Norman, 1986; Hutchins *et al*, 1986

Bridging the gulfs
