

How much realism?

- Is needed in telepresence to make it compelling?
- *Telepresence rooms* try make the remote people appear to be life-like by using multiple high def cameras with eye-tracking features and directional microphones
- Is Skype just as good?

Coordination mechanisms

- When a group of people act or interact together they need to coordinate themselves
 - e.g., playing football, navigating a ship
- They use:
 - verbal and non-verbal communication
 - schedules, rules, and conventions
 - shared external representations
